

HOW TO...

SAVE THE DRAINS

YOU'LL NEED

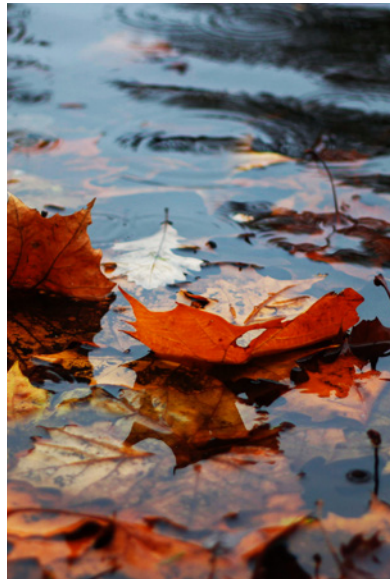

- Wet weather gear
- Rubber boots

WHERE

- Anywhere you find drains
E.g., in a ditch, in a backyard or on a sidewalk

WHAT TO DO

- Go outside on a rainy day and see if any drains have that have clogged up. Careful! don't go into the street
- Remove the leaves using your legs or hands and watch the water run down into the drain
- Find more drains to save and keep the fun going
